Little Falls, Herk. Co. N.Y.
March 23, 1847.

Friend Garrison, —

I perceive by the last No. of the "Liberator," that you propose to make a journey to Ohio about the first of August. Presuming that you will go out by the way of Albany and Buffalo — taking Little Falls on your route (we are 73 miles west of Albany, on both railroad and canal,) I write you thus early to inquire whether you cannot arrange so as to address the People at this place on your journey westward. The Anti Slavery men of this County are mostly members of the Liberty Party; but they are not insensible to your services and sacrifices in the cause of Impartial Freedom, and I think we should be able to rally out a goodly number of auditors, should you decide to give us a lecture or two. Perhaps you might spend here an afternoon and evening.

As to compensation, I know nothing
of your terms, but will engage
to pay you \$5. and shall be happy
to entertain you at my house.

Our place is 21 miles east of
Wtica. I formerly lived at Werkimer,
7 miles west of this, - and while
there, attended the meetings ad-
dressed by yourself, W. Phillips
& Miss Kelly (now Mrs. Foster) at
Wtica. Miss K. was my guest
at Werkimer - where we had
'a bit of a row.'

[Pardon my vanity in stating
that in 1826, I was a fellow-
apprentice with John A. Collins
and Horace Greeley at Paultney,
Vermont - both of whom (though
we differ widely in political views)
are still among my cherished friends.
- I resided in New York during
the reign of Mob Law in 1834, and
there and then became first acquainted with
your paper, and an earnest hater of Slavery.
Please write me soon, & believe me
Very truly yours Chas. Rowe
Pub. Hark. Fe.
